

Genomics Education Programme

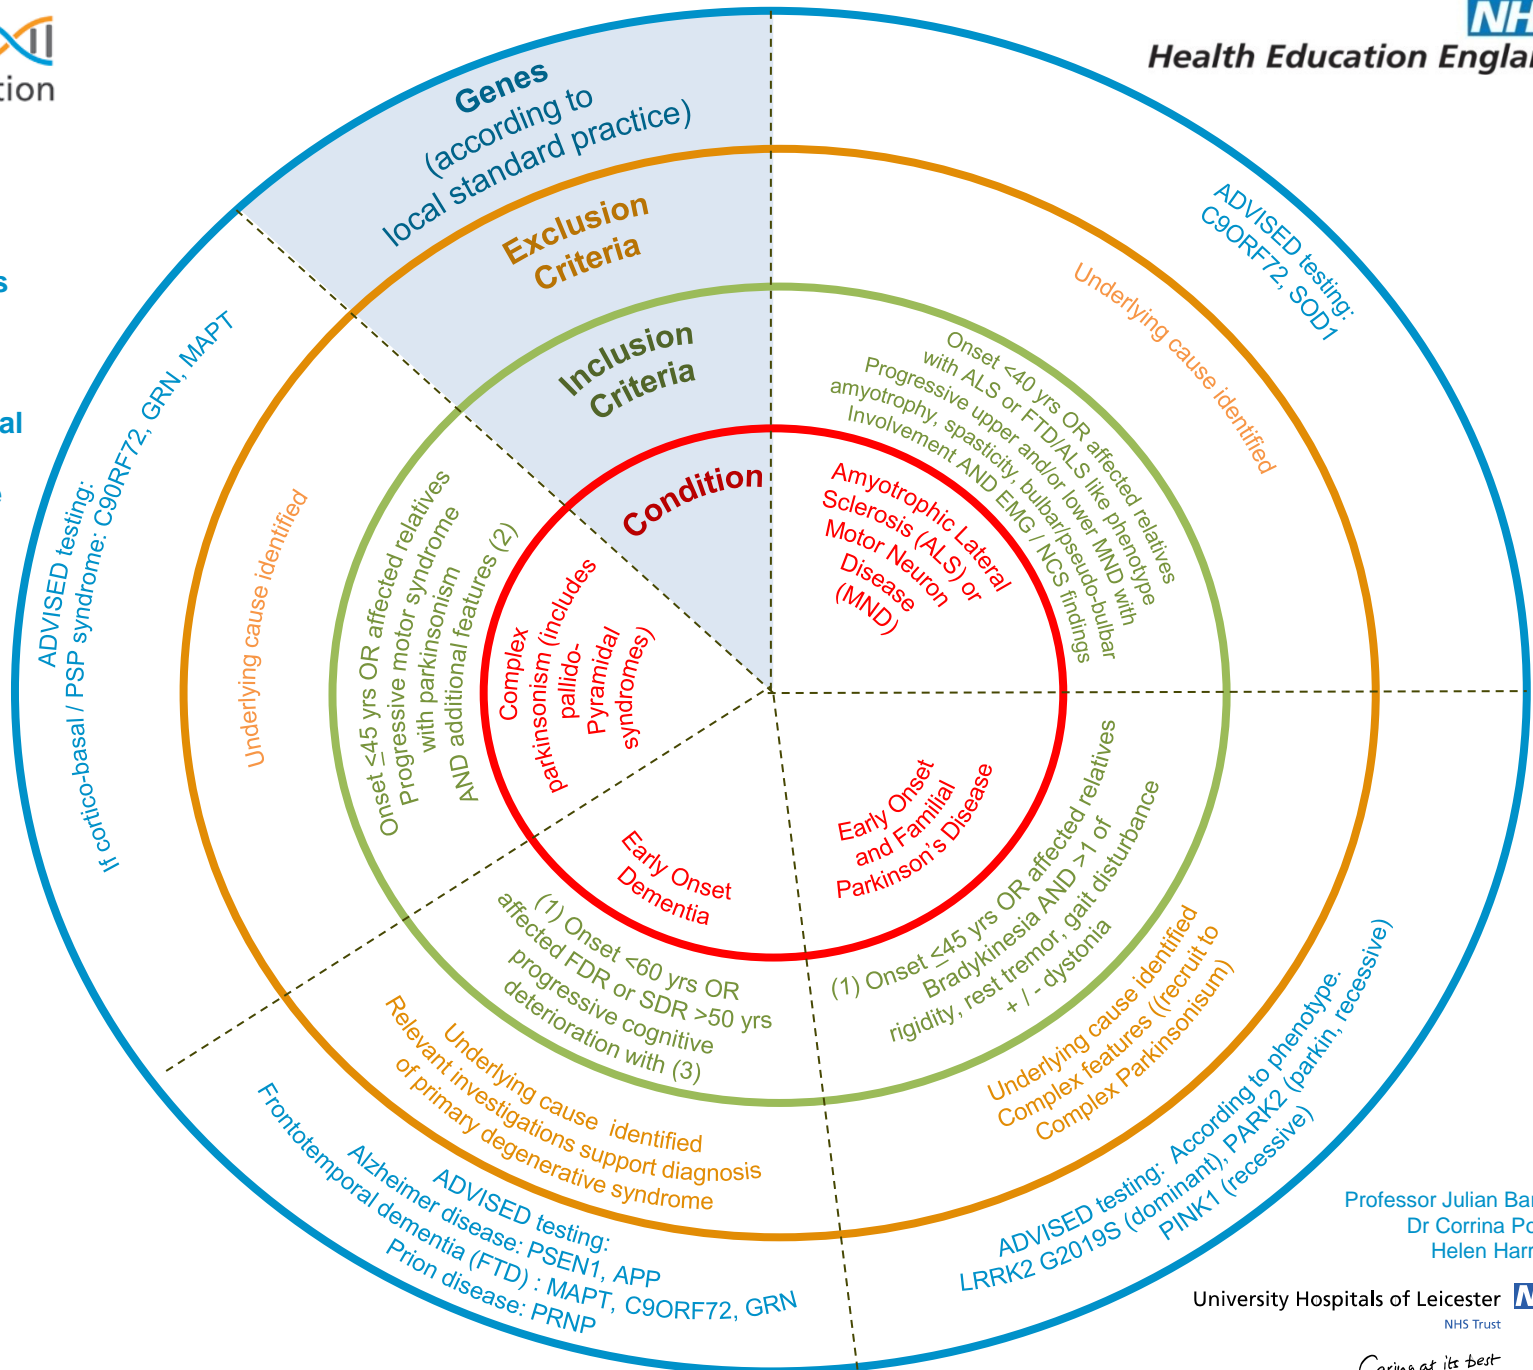

100,000 Genomes Project
Eligibility wheels
A tool for clinicians

Rare Diseases:
Neurology and neurodevelopmental disorders -
Neurodegenerative disorders

(1) Recruitment should NOT include unaffected relatives unless part of a TRIO/DUO. Multiple affected relatives are preferable to singleton cases.

(2) spasticity, gaze palsy, early dementia, early bulbar failure, dyspraxia, ataxia, postural hypotension, cortical sensory loss, brain iron accumulation on MRI brain

(3) change in memory, vision, behaviour, or language with functional impairment
