

Master's in Genomic Medicine: CPPD, PGcert application

Process for CPPD modules and postgraduate certificate applications

Applicant applies to the university to undertake between 1- 4 modules

University notifies Health Education England's Genomics Education Programme (HEE GEP) using data channels currently in place.

HEE GEP contacts the applicant to obtain job title, organisation and line manager details.

HEE GEP contacts the applicant's line manager for a supporting statement.

Supporting statement received back and reviewed by the HEE GEP funding panel.

HEE GEP decision communicated to the individual and the university.
